

Attica Does More Than Promise

ATTICA DELIVERS

Introducing...

The **NEW** Benchmark® **Directional, Flow control, Check, Relief** and **Stack** valves by Attica Hydraulic Exchange Corp. Benchmark® valves are direct replacements for many major hydraulic manufacturers' valves. This new line of valves is thoroughly tested to guarantee performance levels that meet or exceed original manufacturers' specifications.

For over a decade, the Benchmark® product line has offered our customers a superior product of the highest quality at a price and delivery lead time that assures the best **VALUE**.

That is why Attica Hydraulic Exchange is...

"The Benchmark for Quality and Service"
