

**Providing superior products;  
meeting our customer's needs at  
the quality level expected.**

Attica has been satisfying customers' needs for more than a quarter-century. Founded on the need for a more reliable source of hydraulic components and parts, Attica supplies a wide variety of components and parts from our huge inventory.

Components are shipped from our 166,000 square foot facility's stock or built to order to limit your downtime. Most orders are shipped the same day they are received or, send your component in and we will provide price and delivery for repair. A technical staff of unparalleled experience and knowledge is on hand to support your requirements.

Cost savings are realized when buying remanufactured parts with or without exchange. Yet quality is maintained at the highest level by our experienced and knowledgeable staff. Dynamic testing of all components on one of our 16 test stations assures performance in the field.

**The *BENCHMARK*  
for Quality and Service**

## **PUMPS**

Thousands of pumps in stock:  
vane, piston, current,  
obsolete, new and rebuilt.  
Specializing in Vickers,  
Denison and Racine - but  
many others available.

## **SERVOS & ELECTRONICS**

Brands include  
Pegasus, Moog,  
Vickers, Atchley  
- and more. (We  
are a stocking  
distributor for Schenck Pegasus.) Factory-trained  
technicians are available. Our dedicated servo lab  
has specialized test stands, with full test reports  
available. Units include printed circuit boards,  
controllers, encoders, etc.

## **REPAIR COMPONENTS**

**SAME DAY SERVICE  
ON STANDARD  
PARTS.** Includes  
replacement  
components for  
everything from power steering pumps to MHTs  
(current or obsolete). Millions of parts in stock:  
shafts, seal kits, pistons, bearings, rotors, and  
vane kits.

## **VALVES**

Attica carries a vast inventory  
of new and rebuilt units. The valves  
are completely disassembled,  
inspected, defective parts replaced,  
reassembled and tested. A rebuilt  
exchange from stock saves you time  
and money.

## **MOTORS**

High torque, low speed;  
low torque, high speed;  
new, rebuilt, current,  
or obsolete. All units  
are fully tested and  
warranted as new.  
Attica is the world's  
leading carrier of MHTs.
